

FINGER COTS

P/N: M08D-200-IV

Description: Ivory, Antiestatic, Powder Free, Rolled, Plain Surface.

P/N: M08D-201-PK

Description: Pink, Antiestatic, Powder Free, Rolled, Textured Surface.

Physical Properties

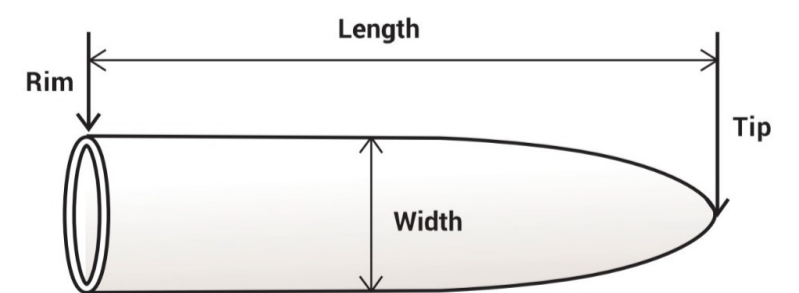

Tensile Strength	Mpa	≥16 Mpa
Enlogation at break	%	≥500
Surface Resistance	Ohm	10e8~10e11 10e5~10e8
Material		-100% Natural Rubber Latex -Nitrile
Color		White (WH), Yellow (YE), Pink (PK), Black (BK), Transparent (TP), etc.
Storage Conditions		Cool and dry place, Avoid direct sunlight and cooper material

Features

- RoHS1, RoHS2, REACH, CE Registration
- OEM brand (Option)
- Antiestatic, Conductive

- Rolled, Cut, Plain, Textured
- Tight Fit & Heavy Duty Types are available
- Low Powdered, Powder Free (Chlorinated)

Dimension		Size S	Size M	Size L	Size XL
